

**Bridges to Growth Presents
Carey Thornell, M.Ed.**

Saturday, February 25, 2012, 9 am – 12 noon

“Lesson Planning for Science and Math Centers”

Participants will learn how to incorporate the forty developmental assets into their lesson planning for science and math centers. The assets are factors every child needs in order to be successful in school and avoid risky behaviors.

Saturday, May 5, 9 am – 12 noon

“Cooking With Kids”

Participants will learn how to instill the forty developmental assets in the children under their care through cooking activities. The assets are factors every child needs in order to be successful in school and avoid risky behaviors.

**Community Resource Center
805 W. University Avenue
Georgetown**
